

WINDSOR COUNTRY VILLAGE

What is independent living? Independent or self-care living means simply that you are able to live independently and require little or no assistance with the activities of daily living. Whilst we do not offer medical or nursing staff, home care is available and utilised by many of our residents as they age, enabling our residents to live at home longer. Studies have shown that residents in retirement villages live longer, happier lives. Residents create their own friendships and community, caring for each other in times of need. Lifestyle is improved as most gardening and maintenance services are facilitated by management and a team of trusted contractors are available to assist within your own home.

Is there a Village Manager? We have an on-site Village Manager during business hours; Monday to Friday 9am-5pm.

How does the 24 hour on call system work? INS Lifeguard provides 24 hour on-call care which is staffed by trained nurses for our residents. Residents have the option for one or all of a phone, pendant and emergency call buttons. The system can assist with medical questions or emergency services, 24 hours a day, every day of the week.

Who pays for gardening and maintenance? Our Villas are strata titled, meaning you own your own home and private courtyard, which remains your responsibility. However, common property maintenance and gardening are paid for by the strata administration fund. We have two friendly groundsmen employed on-site to undertake the common property maintenance, but they are also available for residents to engage for their own maintenance or courtyard gardening for trusted, convenient service at a reasonable fee.

What are the transport options? We have a Village Bus that takes resident weekdays to local shopping centres and social outings. There is a public bus stop outside Windsor Country Village and Vineyard Railway Station is about 400 metres away.

Is there parking on-site? We have parking on-site for residents, guests and tradespeople.

What activities are on offer? Our social committee is committed and vibrant, always organising new activities and functions. We have formal dinners and casual BBQ's, visits from the local schoolchildren from Vineyard Public school, games night, Melbourne Cup lunches and fashion shows, Christmas events and mid-years parties. There are garage sales and cake stalls, Tai Chi classes and craft groups. There is also a fellowship group and a weekly chapel service. For the green thumbs, why not enter your courtyard in our Annual Courtyard garden competition?

What facilities are at WCV? In addition to the organised functions and stunning common property gardens, our community centre is the hub of the Village. There is a BBQ entertaining area, fireplace and dance floor, afternoon tea facilities and library, business centre with computer, printer and WIFI, TV with DVD's and piano. Join a friend or family for a game of pool, carpet bowls, ping pong or darts or enter one of our Village competitions and win prizes. We have a visiting hairdressing service, doctors and pharmacy service to name a few.
