

# Windsor Country Village

Tears were shed in December by a year 6 student from Vineyard Public School as he realised at the recent Christmas Party that the regular visits to Windsor Country Village would no longer be a part of his school experience as he moved on to high school.

There is a great sense of pride that comes from being such an integral part of the local community, and Windsor Country Village provides the highest level of personal service and the experience that comes from being family operated for over 30 years.

WCV Director Kristen Edmonds commented "December was a wonderful time with Christmas parties, community events and excursions seeing residents finish the year on such a high!"

Windsor Country Village is a boutique retirement living community located on 5 acres of open gardens in a tranquil setting.

It is a place where you can relax knowing that you and your loved ones are being given the best of care.

On Saturday, 22 February, Windsor Country Village is hosting an open day from 2-5pm with a complimentary afternoon tea. Residents, family and

friends are throwing open the doors for those who know and those who are interested in what the Village has to offer.

Located just over 5 minutes from the historic village of Windsor, it is affordable retirement living at its best. We recommend you come and experience the joy of living at Windsor Country Village for yourself.

The community centre is the heart of the village and a space that hosts daily, weekly and annual events as well as providing a wide range of services. Here you will find lounges to relax in, our cosy fireplace, library, newspapers and more.

A warm welcome is given to all, whether you are a visitor or a resident wanting to soak up the news in private or join in the daily afternoon tea.

"Being a new resident, I was immediately impressed by the warm and friendly welcome by the residents. The village management were so helpful during my transition into the village." Barry Robinson (Resident)

Also located at the community centre are the offices for our on-site village manager and sales manager. On-site services ensure the smooth operation of the village and are

there to assist you. The Village has on-site parking, 24 hour emergency call system monitoring, regular garden and village maintenance, an active social committee and a range of licensed contractors who are experienced with servicing our resident's needs.

The village bus takes residents on daily shopping trips and social outings. The friendly drivers ensure you travel in comfort and are well looked after!

It is a close walk to rail and road public transport and 10 minutes drive from the new Metro North West Railway Station.

Want to get involved? There is always something to do. Jeannie (Resident), commented that "a few of the wonderful things about WCV are the social events available to those who wish to mix with other residents. These include weekly games nights, trivia nights and regular bus outings."

The Open Day will feature tours of the village amenities, gardens and villa inspections. There are currently 1 and 2 bedroom villas available, with 1 bedroom villas starting from \$210,000.
