

# Windsor Country Village

Windsor Country Village has shown that even during these times of uncertainty, residents are still enjoying themselves in a safe and community aware fashion.

Set on 5 acres of professionally maintained gardens, residents have had plenty of room, but the tight knit community has left no-one feeling alone. The daily garden setting afternoon teas and fireside chats, shopping excursions and social activities are still happening in a responsible fashion.

Everyone appreciates the strong sense of security that comes from knowing that the residents look after each other, and are engaged with the wider local community. Barbara, 10 year resident and Chairperson of the Residents Committee recently told us *"I love the community spirit, all the villas are owner occupied. I am involved and enjoy organising social activities and fundraising for charity."*

This is backed up by the presence of a caring and knowledgeable family run management team, who are on site Monday – Friday from 9am to 5pm, with an emergency on call system available 24/7. Windsor Country Village was built, and has

been operated by the Edmonds family for over 30 years.

We spoke with Kristen Edmonds, Director of Windsor Country Village and second-generation operator, who said, *"As a little girl I remember thinking how beautiful the gardens were and how lovely it was to be at the Village. 30 years on, with the community and gardens more established, it is an honour for me to now be part of the community, maintaining and developing the quality of life for all our residents."*

There is a strong sense of family, which runs through the Village, with an energetic mix of new and longer-term residents. The community centre is the hub of Village life and the staging area for many activities. "I love sitting around the log fire having a chat. I enjoy playing billiards in the community centre, and I have made so many lifetime friends in the Village" John, resident 23 years, told us.

Windsor Country Village are specialists at helping you make the most of your day-to-day living, and if you are looking at downsizing then this could be the ideal location for you. Your own private courtyard garden is set within the 5 acres of

the Village. Whilst it is independent living, Village management has developed a convenient network of experienced professionals, from doctors to hairdressers to plumbers, who are available to assist with your personal needs, leaving you free to enjoy life. "I enjoy socialising with all the residents. I make use of the Village bus 2-3 times a week. I have the freedom to do what I want." said Vicky, resident 1 year.

Windsor Country Village is an affordable lifestyle oasis in a sprawling garden setting, conveniently located with a bus stop out front and less than 400 metres from rail and road transport hubs.

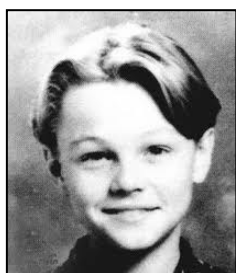

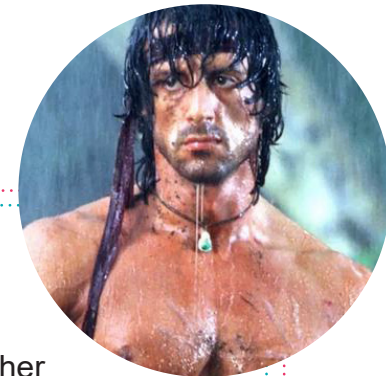

The friendly team is available to discuss your personal needs, so just drop in and see for yourself, or give Brian a call on 0448 400 920.
